

## **UTIL-200 and UTIL-200-AUDIO**

### **VIDEO & AUDIO DA and TEST SIGNAL MODULAR UTILITY TRAY**

- Accommodates up to **10 modular Video DA & Test Signal cards** and **2 redundant power supplies**.
- Includes a differential loop-through input and **8 outputs** fully **GRASS compatible**.
- Clamping, Hum Eliminating and Precision Equalizing cards available for all applications.
- Each card has a front panel **Video Present LED indicator** for quick **signal continuity verification**.
- All video distribution amplifiers have a minimum **Gain range of +/- 6 dBs** & an output isolation of > 40 dBs
- The standard power supply PS-200-AC has a universal input voltage range from **85 to 265 VAC**. No need to set voltage selector switches; simply plug in and forget.
- The 48 VDC power supply PS-200-48VDC has an input voltage range from **36 to 60 VDC**. Ideal for Telephone Company central office applications.
- External alarm relay contacts and front panel LED indicators for each power supply are included.
- Tray mounts in standard **2 rack-unit** space with dimensions of 14" x 19" x 3.5" (L x W x H).
- Designed and manufactured in the U. S. A.
- Many GRASS compatible cards are available for the UTIL-200 including:
  - VDA-201**, 20 MHz, Eight Output, Utility Video DA.
  - VDA-220**, 20 MHz, Eight Output, Video DA with Clamp & equalization of 2 different cable types.
  - WVDA-250**, 150 MHz Wide Band Video and DS-3 Digital Data DA,
  - TS-12CARD**, NTSC Test Signal Generator with Black Burst.
  - CG-200**, Video Character Source ID Generator.
  - AB-200**, Video Automatic Bypass and Signal Change-over Switch... ..and many more.

#### **ORDERING INFORMATION:**

**Model UTIL-200-2RU-AC**, Video, Modular Utility Tray, one 85-265 VAC Power Supply & Line Cord.

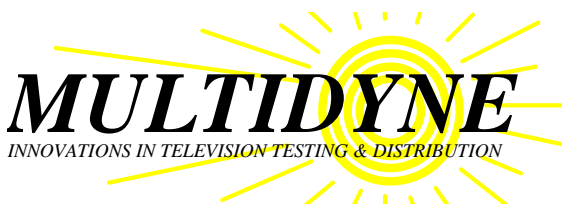

**Model UTIL-200-AUDIO-2RU-AC**, Audio, Modular Utility Tray, one 85-265 VAC Power Supply & Line Cord

**Model UTIL-200-AV-2RU-AC**, Audio/Video, Modular Utility Tray, one 85-265 VAC Power Supply & Line Cord

**Model UTIL-200-2RU-48VDC**, 10 Slot, 2 RU, Modular Utility Tray, one 36-60 VDC Power Supply.

**Model PS-200-AC**, Modular 85-265 VAC Power Supply & Line Cord for 200 series trays.

**Model PS-200-48VDC**, Modular 36-60 VDC Power Supply for 200 series trays.
